Waitemata FC – Term 2 Skills Program

For 8th–13th Grade Players

We're excited to launch our Term 2 Skills Program for players in 8th to 13th grade! This program is designed to help young footballers sharpen their individual technique (the how) and improve their game intelligence (the when) in a fun, professional, and supportive environment. With a strong focus on personal development, players will work on the core fundamentals of the game—dribbling, passing, defending, and shooting—building confidence and skill every step of the way.

This program will be led by Anibal Paris, a highly regarded coach currently working within one of Auckland's top domestic clubs.

 **Venue:** McLeod Park
